

Quicken for Windows Upgrade Instructions

Web Connect to Direct Connect

Introduction

As **Forward Financial Bank** completes its system upgrade you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive.

To complete these instructions, you will need your User ID and Password for both the old Online Banking system and the newly upgraded Online Banking system for Forward Financial Bank.

NOTE: **Web Connect** uses the same User ID and Password as the **Forward Financial Bank** website. **Direct Connect** may require registration. Please login to Forward Financial Bank's website www.forward.bank on or after June 19 to establish your credentials prior to completing the Direct Connect process.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.

Thank you for making these important changes!
