

Quicken for Mac 2007 Upgrade Instructions

Web Connect

Introduction

As **Forward Financial Bank** completes its system upgrade you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive.

To complete these instructions, you will need your User ID and Password for both the old Online Banking system and the newly upgraded Online Banking system for Forward Financial Bank.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.
